EDUCATION

SECONDARY SCHOOL

Kaushal Vidhyabhavan

2019 - 2021

BACHELOR OF TECHNOLOGY

L.D.R.P - ITR

2021 - 2025

EXPERIENCE

FULL - STACK DEVELOPER

The Special Character   *Ahmedabad , Gujarat*

12/2023 - 01/2024

- Made a fully functional ecommerce platform for fruits, vegetables and groceries till the point of orderId generation.
- we used React, Next14, tailwindCSS and some libraries.
- Employed Github for version control and seemless collaboration between teammates.
- Most importantly had a great time working with fellow minded peeps even if we had to pull All-nighters.

SSIP HACKATHON

11/2023

- Worked as a Backend Developer to make a one stop portal for GIFT City Residents, Employees and Managing committee named " GIFT Connect".
- Made a Dynamic Polling , Voting, Events and an Admin Page for secured control . also unique Tag Identifier for every type of User.
- Formed a DataBase using MongoDB to store all Users Info and other Details.

DAIICT HACKATHON

11/2023

- Made a Platform to reduce the food wastage in Restaurants by either selling the items at lower price at closing time or collaborating and connecting with social workers so that they can distribute the food to needy families.
